THE STUDIO

Agency-quality work, without agency prices.

Tensaloom builds websites, AI chat assistants and custom software for small businesses worldwide. We already build production SaaS that is multi-tenant, secure and privacy-compliant. Your business website gets the same engineering standards.

Fixed prices

One written quote before we start. No surprise invoices and no hourly meter running.

You own it all

Your domain, hosting, content and code stay in your name. No lock-in and no hostage websites.

Built to last

Fast, secure, mobile-first sites with care plans that keep them updated and backed up.

Bundle: website + AI assistant

Business website with the Answer AI assistant, launched together: a site that replies to customers 24/7.

BUNDLE

US\$1,890

save US\$190 · + US\$69/mo

Hosting & domain are billed to you at cost by the provider (typically US\$7–30/month), so you always own them.

AI ASSISTANTS

An assistant that answers, captures and books, 24/7.

Trained on *your* business: services, prices, hours and policies. It answers customers instantly, even after hours, collects their details, and hands warm leads to you. Monthly fees include AI usage within a fair-use allowance.

Answer

Instant answers to common questions.

SETUP FROM

US\$590

+ US\$69 / month

- Website chat widget in your brand
- Replies in your customers' language
- Trained on your site & FAQs
- We write the knowledge base
- Lead details emailed to you
- Monthly tune-up of answers

BEST VALUE

Capture

Turns chats into booked customers.

SETUP FROM

US\$1,190

+ US\$109 / month

- Everything in Answer
- Qualifies leads with smart questions
- Books into your calendar
- Sends leads to your CRM or sheet
- SMS / email alert on new leads
- Monthly conversation report

Custom AI

Built around your workflows and data.

SETUP FROM

US\$2,490

+ US\$149 / month

- Custom-built on leading AI models
- Connects to your systems via API
- Guard-rails: answers only from your data
- Quotes, orders or triage flows
- Usage dashboard & spend caps

24/7

Replies at 10 pm on a Sunday, when many customers are browsing.

Seconds

Instant replies, so an enquiry doesn't go to a competitor while you're busy.

Your data

Answers come only from what you approve. Nothing is made up and nothing is shared.

The fair-use allowance covers typical small-business chat volumes. If your usage grows, any change to your plan is agreed with you first.

ADD-ONS & CARE

Pay only for what you need.

- 30 min of edits each month

RECOMMENDED

CARE PLAN

Plus

US\$79 / month

- Everything in Essential
- Daily backups
- 2 hours of edits each month
- Monthly traffic & SEO report
- Priority support, reply within 1 business day

Why a care plan? Websites need regular updates, backups and security fixes. Many agencies charge US\$100–300 a month for similar care. Ours start at US\$39, and you can cancel anytime with 30 days' notice.

SAAS & AUTOMATION

When a website isn't enough.

Custom software for how your business actually runs, built to the standards we use for our own SaaS: secure, tested, and hosted in the region you choose (EU, US, UK, Australia and more).

Web apps & portals

Customer portals, booking systems, internal dashboards and admin tools.

Workflow automation

Automatic follow-ups by SMS and email, reminders and hand-offs between your tools.

Integrations

Connect your CRM, calendar, forms, spreadsheets and accounting via their APIs.

Custom projects

Fixed quote after a free scoping call.

HOW WE WORK

1

Free discovery call

20-minute video call, at a time that suits your time zone.

2

Fixed-price proposal

Clear scope, price and timeline within 48 hours.

3

Design

You see and approve the look before we build.

4

Build & review

Progress previews and your rounds of changes.

5

Launch & handover

Go live, plus a short walkthrough so you can edit yourself.

6

Care

Optional care plan keeps it fast, safe and up to date.

GOOD TO KNOW

Simple, fair terms.

Payments

50% deposit to start, 50% at launch. Monthly plans billed in advance. Invoices in USD; EUR, GBP or AUD on request.

Ownership

Domain, hosting, content and code are yours. Accounts are set up in your name.

Timelines

Start once we receive your content: text, logo and photos. We can help write it.

Changes

Revision rounds are included per package. New features outside the quote are quoted separately first.

Working hours

Remote studio serving clients worldwide. Calls are scheduled to suit your time zone.

Quotes

Starting prices in USD, excluding local taxes (VAT/GST) where they apply. Final price confirmed in a written quote, valid 30 days.

Let's build something.

Book a free 20-minute video discovery call. No obligation, and you'll get a fixed quote within 48 hours.
